

CONFIDENTIAL

16 April 1982

MEMORANDUM FOR: [REDACTED]

25X1

FROM : Special Assistant to the Director for
Interdepartmental Affairs

SUBJECT : Draft Speech for DDCI

1. Admiral Inman is scheduled to make a presentation on C³I on 21 April at a symposium sponsored by the Armed Forces Communications and Electronic Association and the National Security Industrial Association.

2. [REDACTED] is sending over the draft statement today for the Admiral's review. The speech, nevertheless, still requires considerable work. 25X1

3. I will give the draft speech to the Admiral this evening with a note asking him to give to the Operations Center any comments he has on the presentation tomorrow, assuming he has a chance to look at it by then. Please ask the duty S00 to contact [REDACTED] the SOVA action officer, as soon as the Admiral forwards the draft speech. 25X1

4. Because we are now short of time, I hope that this arrangement will permit SOVA to turn the speech around fairly quickly for the Admiral's final review early next week. Please ask the S00 to notify me when this transaction takes place.
